

100 Game Concept List

A list of my 100 game concepts that I have come up with during phase 1 in the project. I used different idea creation methods and a detailed description can be found at <http://www.lgdsp.wordpress.com>

1. Photo fighting

Fighting game where you use pictures of yourself as your fighter.

2. Sun vs. Clouds

Good vs. bad weather, take control of one side and try and control as much ground as possible when the time goes out. Good weather is represented by a sun, bad weather with a cloud that drops snowflakes. Map filled with water, sun dries it up, and cloud makes it to ice.

3. Jungle swing

Swing your way thru the jungle, timing your taps on the button to release and grab the next one.

4. Square

A clouded square/market where you as the player have to solve different people's problems by traveling in to their brains. When done the square/market get a little lighter.

5. Lost in the desert

Find your way out of a desert, ask people you meet which way you should go, hide from sandstorms and climb trees to see further and watch out for canyons.

6. Mountain bike game

Bike down the mountain and control the bike with the PS3 Dualshock 3 controller

7. Shop Game

Run your own boutique/shop in a small town, focus on a certain area of expertise and upgrade your shop when business goes good.

8. Raindrop

Take control of a raindrop on its way down to earth, try getting so close to earth as possible while avoiding birds, houses and people.

9. Lead dog

Play as a lead dog, one of those that blind people uses, and guide your person to different goals and see to it that the person gets there in one piece

10. the Tree

You start of as a tree seed, making your way up towards the sky. You decide how the tree will grow and later in the game you can drop your own seeds and build more trees around you.

11. Jeep Cross country

Jeep cross country puts you in a jeep that you shall drive thru obstacle courses without falling out of it.

12. Cheese slice

A platform game where you control a cheese slice and navigate him towards a bigger goal, or his lost cheese body.

13. Fruit war

Play different fruits that are in war against each other in the hunt for power

14. Dust on drift

Play a dust cloud that drifts between apartments and try to reach a certain goal before the darkness and cold taps you on the back and all the doors and windows are closed.

15. Unhelpful

A couple of unhelpful people are stuck in a snowy landscape that they need to get out of but no one wants to help out and you have to make up reasons for different people to make them think only they gain on it.

16. I see dead plants

Bring life to some dead plants by picking up different fruits in a snowy landscape which gives extra points and some heal power, keeping the plants in gloves and warm places so that they don't freeze to death. You play a ghost and uses stuff in your environment to keep them from the cold

17. Hunt for resources

Finding resources in a winter area that is dark due to the nighttime. Some of the resources could be fruits that give you minus points if you pick them up.

18. Electricity!

You carry around on a flashlight that you have to load once in a while. You're traveling thru a deserted city in the middle of the winter and most electricity that is left in the town disappears after a short while of loading the battery. Make your way thru the city finding different sources to electricity and avoid the darkness and cold.

19. Winter hunters

Shooter game where you play someone in a battalion of winter hunters, and you are in a war in a snowy place to defend your territory. You travel up on mountains and go down on them on snowboards or skis.

20. Banana smuggler

You live on an island where the governor doesn't like bananas and have banned them from the island, but you need them to feed your monkey so you have to find ways to smuggle bananas to the island

21. Fruit muncher

You're sick due to the winter and you have to eat a lot of fruits, you just have to find them first. Watch out thou so you don't eat the old ones.

22. Fruitris

Pair fruits together to make them disappear, create combos and survive as long as possible.

23. Build'n'skate
